**NATURAL  
COSMETICS**

FROM ASIAN HERBS

100%  
NATURE

100%  
NATURE

My name is Anna Wasilewska. I am the creator and owner of Orientana natural cosmetics. Orientana combines my great passion for Asian nature with healthy natural lifestyle. Our natural cosmetics do not contain such chemical ingredients as parabens, phthalates, sls, pegs, as well as petroleum derivatives - paraffin and mineral oil. Our cosmetics and their ingredients have never been tested on animals. Orientana is a brand of natural cosmetics from Asian herbs for face, body and hair, rich in extracts of ashwagandha, saffron, turmeric, papaya, ginseng, ginger, aloe and seaweed.

We are the modern, European brand which uses Asian herbs in unique, scientifically proven formulations. We connect herbs known from traditional Asian medicine with modern science. We are proud of such natural concepts as Face essence masks, Silk face masks, Snail slime cosmetics. My products are not only efficient but healthy for the skin and hair.

Please join me for sophisticated Orientana experience!

*A. Wasilewska*

## NATURAL FACE CARE

Natural vegan Reishi creams will instantly improve your face oval and increase skin density. Charming Glow face masks with minerals from Jeju Island nourish the complexion acting on all senses. Orientana must-have for you - exceptionally natural snail creams which contain highest quality highly concentrated snail secretion filtrate. Face Essences based on konjac plant are our innovation in deep skin hydration. Natural face scrubs as well as delicate cleansing cosmetics allow to clean the skin deeply. Gentle skin around eyes will be strengthened by natural eye creams and skin eye pads. Tempt yourself with ready to use clay masks, silk cloth masks as well as rich face creams, serums, face oils and toners. They will meet the needs of any skin type and will help fight any skin problem.
